Red HAT CERTIFIED SYSTEM ADMINISTRATOR
Learn | Research | Innovate

COURSE DESCRIPTION

Red Hat Certified System Administrator (RHCSA) is considered to be the "basic" Red Hat certification. It is appropriate for system administrators as well as professionals in a variety of related roles, including database administrators, developers, and support technicians. RHCSA Certification can be earned by passing a hands-on, lab-based exam that covers the core system administration skills of Red Hat Enterprise Linux environments require.

Red Hat Certified System Administrator

Module 01: **About RHCSA**
